DR. O'DONNELL'S LIFE COMES TO AN END

PIONEER ANTI-CHINESE AGITATOR AND FORMER RESIDENT OF GLEN ELLEN IS DEAD.

Dr. C. C. O'Donnell, pioneer physician, founder of the public morgue of San Francisco, prime mover in the anti-Chinese agitation of forty years ago and persistent candidate for the office of Mayor of San Francisco, died on Sunday morning at his home in San Francisco, the end coming after two years of poor health and hastened by a stroke of paralysis.

When he passed away he was past his eightieth birthday. Despite his advanced age he kept his characteristic energy and enthusiasm far past the time when most men consider their life work done.

The doctor was born in Baltimore, Md., on May 3, 1832. Educated in his home state, at the age of 15 he commenced the study of medicine, his course being interrupted when he was 17 years of age by his enlistment in the United States Army and his participation in the Mexican campaign, marching with General Scott from Vera Cruz to Mexico, on whose plaza he camped on September 13, 1846, after peace had been declared. Returning to Baltimore he continued his studies until April 15, 1850, when he left on the sailing vessel Pioneer, making the voyage around the Horn and arriving in San Francisco six months later.

Dr. O'Donnell participated in the jubilation in San Francisco over the admission of California into the union. He helped light bonfires on Rincon Hill and was an aide to the Grand Marshal in the parade which celebrated the historic event.

The doctor first engaged in the provision business in San Francisco, later opening a drug store at the corner of Jackson and Kearny streets, where he was burned out. Next, going to Sacramento, he practiced medicine, only to abandon his work to go into mining at Dutch Flat. He staked out the Maryland mine, later bought out his eleven partners and finally sold his interest for \$35,000.

It was in 1867 that he first became a prominent municipal figure, inaugurating, through a series of lectures, the agitation on the Chinese question. He coined the slogan, "The Chinese Must Go," and made the expression a household word before he ended his fight against coolie labor. In the course of his anti-Chinese campaign he toured the state and even made several trips east to educate the people on this question.

In 1875 Dr. O'Donnell used the first of a series of campaigning innovations which eventually made him the most picturesque political figure in the city. He drove through the streets, exhibiting two Chinese lepers, and was arrested. Next day when the case was called for trial the dauntless doctor brought into the court room nineteen lepers as witnesses. The result caused a stampede. The judge promptly dismissed the case.

In 1885 he was elected coronor of San Francisco and did justice to that office. He ran for the office of Mayor of San Francisco five times, but was defeated each time. Dr. O'Donnell is an old time resident in this valley. For a number of years he conducted a sanitarium at Glen Ellen where he also owned other property. About a year ago he sold out his interests in Glen Ellen and moved to San Francisco, where he resided until his death.

He leaves a widow and a son, Dr. G. W. O'Donnell.

THE SPIRIT OF SAN DIEGO IS MILITANT

CITIZENS OF SAN DIEGO ARE NOT YET WHOLLY PACIFIED

The spirit of San Diego so far as the Industrial Workers' disturbances are concerned is still militant on the eve of the arrival of the attorney general to investigate conditions.

Interest in the "daylight league" designed to replace the citizens' committee, has increased and one bank president, Julius Wangerheim, made the declaration that "every citizen of San Diego is ready to shoulder a musket in the defense of his home."

Wangerheim stated he advocated the "daylight league" and believed something drastic should be done to meet the exigencies of the situation caused by the so-called "free speech" campaign of industrialists and their sympathizers.

Chief of Police Wilson asserted that six armed industrialists were in town, having been selected by a lot to murder four local officials. According to Wilson, ten men were drawn by lot at Los Angeles a month ago to murder Mayor Wadham, Captain John Sehon, superintendent of police; H. L. Utley, district attorney, and Chief Wilson.

One of the ten, the chief said, became remorseful at the prospect and betrayed the plot in a letter, telling on what boat the ten would arrive. According to Wilson they arrived on schedule, separated and later met at a certain house. Some subsequently were arrested. This broke up what ever plan they had.

Later a letter in the same hand writing warned him six more had left Los Angeles armed with rifles equipped with silencers.

DRY AND WET VICTORIES

Even the "drys" of Stanislaus are surprised at the big majority they secured at the late local option election in the rural supervisorial districts. In Modesto the "dry" vote was 1158 to 656 for the "wets," a majority of 492 against the saloons. Oakdale, always considered a saloon town, cast 301 votes against saloons and 177 for them. Turlock, always "dry," registered 487 votes against and 124 for saloons.

Newman was the only town in Stanislaus county that went "wet." The vote there was 255 to 130. Modesto and Oakdale, which are incorporated towns, vote on the same question soon. Inspired by the result in the county, the "drys" will make heroic efforts to add these cities to the "dry" territory. On the other hand the "wets" have redoubled their efforts to hold the only two license towns in big county.

Fresno county seemed to have that "dry" feeling on election day. Everyone of the five supervisorial districts, outside the incorporated cities, went "dry," as a result of which about sixty saloons will be closed. Only in Fresno city will the licensed saloon be found.

In Stanislaus the "dry" ordinance will go into effect on May 31st, leaving the saloon men only a few days to go out of business. In view of the trend of sentiment in the San Joaquin Valley, it would seem that from the standpoint of a business investment the saloon is rather a hazardous venture.

The "wets" will find some consolation for their defeats in the valley towns in the big victory they won on Tuesday in San Jose. The Garden City gave a majority of 1893 for the license system. But in view of the fact that something like 14,000 votes were cast the majority was not as decisive as were those registered in the rural districts. Time was when at best only a few hundred "dry" votes would have been registered in San Jose, whereas on Tuesday last the vote amounted into the thousands.—Stockton Record.

Skeletons believed to be those of prehistoric people were found in an excavation at Craig's Hill, Wash., twenty feet below the surface. The skulls showed practically no forehead, sloping sharply back from the eye sockets. One skull contained a complete double row of teeth in the upper jaw. One of the skeletons was 6 feet 8 inches in height. The hill is being explored for other skeletons.

WESTERN POWER COMPANY BEFORE STATE RAILROAD COMMISSION.

The State Railroad Commission composed of J. H. Eslelmann, chairman, H. D. Loveland, E. O. Egerton, Alex. Gordon and Max Thelan, sat as a court of inquiry Tuesday in consideration of the application of the petition of the Great Western Power Co. for a permit to enter the counties of Napa, Solano, Sonoma and Marin, and to operate lines and distribute light and power in these counties.

Attorney Guy O. Earl, general counsel for the Great Western Power Co., conducted the case for the corporation, assisted by Atty. C. Hall and others appearing to contest the granting of the petition were Attorneys Chas. P. Cutten, Thos. J. Geary and others, appearing for the Pacific Gas and Electric Company, Attorney W. F. Cowan for the California Light & Telephone Company and Mr. Sbarbo for the Cloverdale Light & Power Company.

The first witness called in the hearing was Mr. A. W. Bullard, vice president and general manager of the Great Western Company. Mr. Bullard was on the stand until the noon hour and in the afternoon until four.

A large number of people from all over the state voluntarily testified to the poor service given by the present public service company.

In fact the advent of the competitive company will be hailed with delight by the people.

CONGREGATIONAL CHURCH

On Sunday morning the baccalaureate sermon will be preached by Rev. Mr. Roberts to the graduating class of the High School at the usual hour. Seats will be reserved for teachers, pupils and their friends, and an invitation is extended to all to be present and enjoy with the young graduates these exercises.

In the evening at eight o'clock the Men's League will have charge of the meeting and the address will be delivered by Judge Frank J. Murasky, Judge of the Juvenile Court of San Francisco, and an eminent man and an interesting speaker.

The subject of his address is one which will appeal to everyone who has heard of Denver's celebrated jurist, Judge Lindsey. Judge Murasky will talk about "Judge Lindsey and his Work."

An invitation is extended to all.

S. P. PUTS ON EXTRA TRAIN

The Southern Pacific railroad company officially announces that it will put on two new trains between Vallejo and Santa Rosa on Sunday. The new schedule will become effective next Sunday, when in addition to the present service a train will pass through El Verano, going north, at 9:05 a. m. arriving in Santa Rosa at 10 a. m.; returning will leave Santa Rosa at 10:20, passing through El Verano at 11:09 a. m. The afternoon train going north will pass through El Verano at 1:25 and arrive in Santa Rosa at 2:20. Returning will leave Santa Rosa at 4 o'clock, and pass through El Verano at 4:49.

This train will allow visitors to this valley from points around the bay a much longer day than the regular week day service, and it is to accommodate this traffic that the new trains are added.

SONOMA VALLEY GAINS ANOTHER GOOD CITIZEN

Mr. McDaniels, of Kansas City, Kansas, has purchased a portion of the Lewis tract, near El Verano, and will start building immediately.

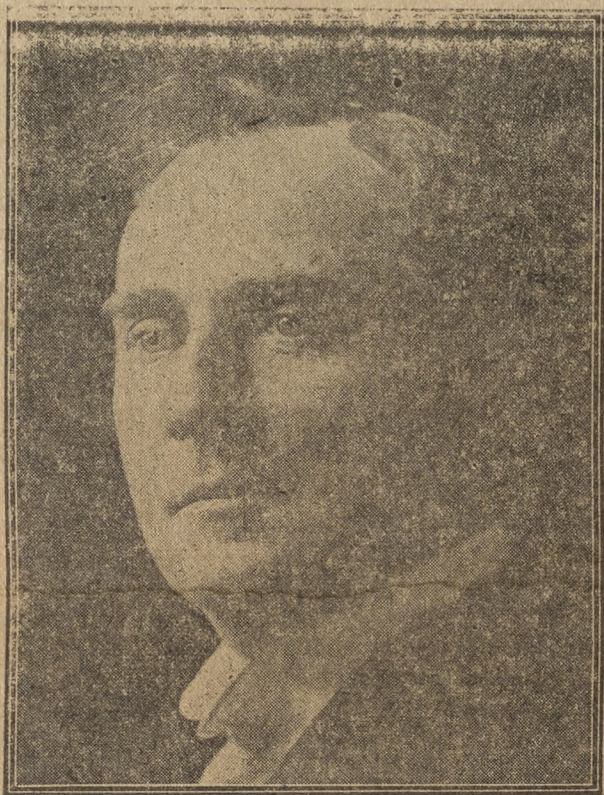

Mr. McDaniels has made a success of the poultry business in his home state, and will embark in the same line in this country.

The sale was negotiated by the Sonoma Realty Company.

The many friends of Rev. Father Leahy will be gratified to learn that he is very much improved in health. Father Leahy has been very ill in Petaluma for several weeks and at one time his recovery was despaired of.

JUDGE CLINTON H. CONNICK

CANDIDATE FOR THE REPUBLICAN NOMINATION FOR
CONGRESS FROM FIRST CONGRESSIONAL DISTRICT

Clinton H. Connick, Judge of the Superior Court of Humboldt County, announced his candidacy for the Republican nomination for Congress from the Congressional district.

Judge Connick was born in New Brunswick in 1871 and came with his parent to Humboldt County in 1873, where in due time he passed the common school, after which he entered the Hastings law school, graduating from that institution with the class of 1893.

He immediately began the practice

of law in Eureka and from the beginning was active in the politics of Humboldt County. He was Deputy District Attorney for that county for 8 years, and in 1908 was nominated and elected Judge of the Superior Court, which office he still holds.

Judge Connick is a progressive Republican. He was one of the most ardent supporters of Hiram Johnson for Governor and in his own words is just as strong for Theodore Roosevelt for president of the United States.

THE WILD WEST SHOW
The management of this undertaking are very much gratified at the hearty support they have received from all over the county. It is generally understood that there is a lot of good sport going to waste. There is no reason why we should not have big days of enjoyment and excitement too, and it will not be long before the High School prepares a field day, maybe half the day given to athletics, and the afternoon to survived "Frontier Days" next Sunday.
The Towns' Cup, a beautiful gift of Mr. Town will be keenly ridden for in the Ladies' Saddle-horse race. There are lots of generous hearted enthusiastic people here who will back up hearty sport.
Don't forget Sunday, June 2nd, at 1 p. m., at the Sonoma race track. Fine music by the Sonoma band.
MEMORIAL DAY
Memorial Day was observed in Sonoma yesterday with the usual program of music, song and speeches held in Union Hall.
The first number on the program was an overture by the Northern California Cadet Band, followed by a few remarks by the president of the day, Robt. A. Poppe, who then introduced Capt. Geo. W. Merrill, who gave one of the finest addresses ever heard in this city.
We are sorry that we are unable, on account of lack of space, to give this speech verbatim.
A recitation was made by Miss King and the reading of Lincoln's "Gettysburg Address" by Hamill Wagon.
The School children, under the leadership of Miss Waterman, sang that beautiful song, "My Own United States," after which that silver tongued orator, the Hon. Ralph Thompson, of Santa Rosa addressed the people eulogizing the heroes of the Civil war and commending that every man and boy should doff their hats upon meeting a man wearing that little bronze emblem.
Schellville Chicken Colony Notes
Mr. Joe Wiell returned Tuesday from a trip to the city.
Mr. Lingo returned Friday from Oakland, where he was called by the death of a sister-in-law.
Several acres are being plowed on the Colony and will be planted to potatoes for a late crop.
The Duhring Grocery Co. are starting a route on the colony, and will deliver twice a week.
Mrs. Dickey and son came up Sunday from Oakland and spent the day with Mr. Dickey on their ranch.
Mrs. Walker and daughter, Miriam, of the Hyde ranch, spent the day Tuesday with Mrs. McNeely and Mrs. Kennedy on the Colony.
Mrs. Haines returned from the metropolis and Oakland on Saturday of last week, very glad to be home after the few days of pleasure and business.
Quite a number of attractions are the order of the day—Some attending the dog show in Sausalito, others going for Decoration day exercises in various places.
Miss Hezzy Wheat came up Saturday night from the city, staying with her people, the Masons, until Tuesday afternoon, enjoying to the full our lovely country air, taking jaunts, picking cherries and tending chicks with great zeal.
The almost unheard of rain, in May, has done wonders for the crops, trees, gardens and all growing vegetation, and the gratefulness of the people can scarce be expressed in words.
The Dottarar's are putting up a temporary house for the summer and making many improvements on their place. A son from the city is here helping them this week. Mrs. Dottarar came over from Vallejo yesterday to note the progress, returning on the afternoon train.

EL VERANO VS. SONOMA
The base ball teams of El Verano and Sonoma met yesterday afternoon upon the local diamond and proceeded to even up old scores.
The game was exciting and close, but brilliant plays were conspicuous by their absence and errors were as thick as the mosquitoes were before the campaign of Dr. H.
The final score was 7 to 3 in favor of Sonoma.

Do You Feel Chilly, Then Feverish and Ache all Over?

Feel Warm-out, Blue and Tired? Have You
a Fresh Cold, With Frequent Hacking
Cough? Sensation of Soreness
in the Chest or Back?

Don't let your case run into bronchitis,
or some other obstinate and dangerous
malady. The very best medicine to take
in such a case is Dr. Pierce's Golden Medical
Discovery. Made without alcohol or
dangerous drugs, it contains that rare
combination of native medicinal roots
that will allow a cough (from it out, as it
were), restore the circulation, assist the
appetite and digestion, and consequently
restore tone to the entire system. That
is the reason people look happy once
more after taking it—they feel like living
because their liver is active, the blood
in their arteries is full of that life-giving
quality—rich, red blood. The blood in
turn feeds the nerves.

Nervousness and neuritis are only the
indication that the nerves are not fed on
nourishing blood. This "Medical Discovery"
of Dr. Pierce is nature's own
restorer. It tones up the organism and
invigorates the functions, furnishing
the body one of its necessary constituent
principles of which it is in need.

This preparation is of pleasant taste,
agrees perfectly with rebellious and sen-
sitive stomachs, and is extremely effec-
tive in restoring tone and vigor to the
entire system. It cures troubles of the
stomach and at the same time the blood-
vessels are given such a toning up as to

throw off a cold. One very good reason
why it restores the health of run-down,
pale and emaciated people is because it
first throws out the poisons through the
liver and kidneys. It then begins its
reconstructive work in building up flesh
and making good, rich, red blood.

"I have been a sufferer from indigestion
for some thirty years, at times," writes Mr.
S. W. Mullens, of Circleville, N. Y., "and
have used medicine from several of our best
physicians, which gave me only a little tem-
porary relief. They said I could never be
cured. Last winter I was stricken with the
worst spell I have ever had. I suffered with
such severe pains in the pit of my stomach
that I could neither work nor sleep, and my
weight went down from one hundred and
ninety-five pounds to one hundred and sixty
pounds in about two months' time. I then
concluded that I would try Doctor Pierce's
Golden Medical Discovery. By the time the
first bottle was gone, I felt some relief from
my severe suffering so continued until I had
used four bottles of 'Golden Medical Dis-
covery.' I am truly thankful for the great
benefit which I have received from your
medicine, and can cordially recommend it
to others."

It Stands Alone not only in re-
spect to its in-
gredients but

also as the only medicine for stomach,
liver and blood disorders, which ab-
solutely contains PURELY VEGETABLE
AND PERFECTLY HARMLESS INGREDI-
ENTS. WITH NO ALCOHOL.

It Stands Alone as the best al-
ternative medi-
cine, the makers
of which take their patients fully into
their confidence and tell them exactly
what they are taking. This Dr. Pierce
can afford to do, because his "GOLDEN
MEDICAL DISCOVERY" is made of such
ingredients and after a working formula
that has thousands of cures to its credit,
placing its merits above criticism.

It Stands Alone as Nature's
cure for many
chronic dis-
eases and its ingredients are: Golden
Seal root, Queen's root, Stone root, Black
Cherry bark, Bloodroot, Mandrake root,
and chemically pure glycerine.

Remember, these are the
Pierce's ORIGINAL Little Liver Pills.
First put up by old Dr. R. V.
Pierce over 40 years ago, and
although much imitated, have never been
equaled. Made of concentrated and refined
natural principles, extracted from native
American plants and roots, therefore purely
vegetable and perfectly harmless. One little
pill for a stomachic or stomach and bowel
regulator, three tiny granules for a cathartic.

RAISING THE WIND

By M. QUAD

Copyright, 1912, by Associated Lit-
erary Press

At fifty years of age and after work-
ing hard for thirty of them Amos
Schermerhorn found himself worth less
than \$100.

Mr. Schermerhorn had never spent
much time thinking and planning of
things outside his daily work. He was
a carpenter, and that settled that. He
could earn \$25.00 per day when he had
work, and that settled that. He never
allowed himself to have dreams of
riches and ease. Perhaps it was for
this reason and because he was no
talker and didn't mix up with politics
that he came to be looked upon as a
rather dull man.

On his fiftieth birthday the carpenter,
being out of work, sauntered off
into the woods and sat down to have
his first real think. Hard work was
already beginning to tell on him, and
after about five years more what was
to become of him? He was frightened
at the thought. When he could no
longer earn wages it must be the poor-
house for him, as he had no relatives
to help him out. For three long hours
Amos kept his brains at work, and as
he walked back to the village people
noticed a change in him. As Deacon
Liker afterward reported:

"Why, he looked an altogether dif-
ferent man to me, and he talked right
up as brisk as a lightning rod man. I
couldn't help but wonder if he had
found a dollar in the road."

Next day Amos Schermerhorn packed
his clothes in a satchel and headed for
a village thirty miles away. He entered
it on the second day. There had been
two or three recent robberies, and
the constables were on the alert. A
mile from the village and directly
in front of a farmer's barn Amos sat
down to rest. The farmer saw him
and came out and asked questions and
finally ordered him to move on and
helped him with a kick. He did more.
He followed the wayfarer into the vil-
lage and pointed him out as a suspi-
cious person and had him arrested.

Amos made no kick and was arraigned
and conveyed and sent to jail for thirty
days with great ceremony. The con-
stable slapped his mouth when he
started to protest, the judge said he
looked like an unwholesome villain, and
the jailer slammed him into a cell with so
much violence that he was thrown
down and had a finger broken.

Amos Schermerhorn served his thirty
days in jail and was then warned to
leave town within half an hour. He
made straight for the office of a law-
yer instead, and before night there was
something to be talked of. The farmer
who had kicked him was arrested for
assault and battery, the constable who
had run him in was arrested for false
imprisonment, the judge got a sum-
mons for defamation of character, and
the jailer was arrested on the same
charge as the farmer.

The judge had been a judge for
fifteen years, and he had always
thought it within his province to call
a prisoner a son of a gun or any other
old thing he happened to think of. He
now learned that his legal duties
ceased with pronouncing sentence. He
had defamed the character of a good
man, and he had to pay for it. Amos
had \$250 in his hand pocket when he
moved on, and he hadn't put in an
hour at hard work. He had another
village in mind, and he headed for it.

It was a farmer and that gave him
away. He was plodding along the
dusty road when accosted with:

"Here, you tramp, don't you want a
few days' work?"

"How much a day?"

"Fifty cents and board."

"I can do better."

"Oh, you can? What else you is that
you don't want work at any price.
Your kind just want to tramp and beg.
By John, there ought to be a jail big
enough to hold you all!"

"I am not a tramp," mildly replied
Amos.

"Oh, you are a gentleman, mebbe?"

"Well, I can pay my way."

And the carpenter dug down and
brought out his roll and held it up to
view and walked off.

"Gosh!" exclaimed the farmer to
himself. "But he's a highway robber
or I never saw one like enough he
broke into a house last night. Well, I'll
settle his hash mighty sudden!"

And he went into the house and tele-
phoned the constable at the village that
there was a suspicious character head-
ed that way, and Amos was collared as
soon as he showed up. He refused to
give his name or to tell where he got
the money found on him. The charge
put against him was suspected rob-
bery, and he was sent to jail and held
for ten days in hopes his victim might
be heard from. At the end of that time
he was sentenced for ten days for be-
ing a vagabond.

When his sentence was up it was a
call on a lawyer again. The defend-
ants could prove nothing whatever
against the plaintiff when it came to a
showdown, while he could show that
the three of them had acted illegally
and that he had a horse against the
farmer. Mr. Schermerhorn got \$500
for his share and walked to play the
same game elsewhere. When he re-
turned to his home Deacon Liker was
the first man to shake hands with him
and to say:

"Lordy, but how people can be de-
ceived in a man! We never took you
to be more than half baked, and here
you have been upstairin' three different
states and gettin' ready to run for the
presidency!"

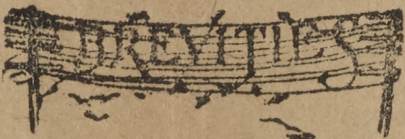

Deafness Cannot Be Cured

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the Eus-
tachian tube. When this tube is inflamed
hearing is lost, and if it is entirely closed
hearing will be destroyed forever, and
the case often of ten is caused by Catarrh,
which is nothing but an inflamed con-
dition of the mucous lining.

We will give One Hundred Dollars for any case of
Deafness caused by Catarrh that cannot be cured by
Hall's Catarrh Cure. Send for circulars, free.

The output of cotton jumped from
10,000 acres in 1910 to 12,000 acres
in 1911. The rice increased from
100 acres in 1910 to 150 acres in
1911. The growers, according to
report, claim a profit of about \$300
to the acre. The biggest increase
in any one crop was in citrus fruits—
oranges, lemons, pomelos, etc.—
showing a gain of more than 13,000
carloads, or a return of 45,339 car-
loads in 1911, as against 33,143
carloads in 1910.

Henry Ferris, Hadar, Nebr., is
the father of ten children and for the
past twenty years has used Foley's
Honey and Tar Compound with the
best of results. He tells us: "I
think Foley's Honey and Tar Com-
pound is the best cough medicine in
the world for I have used it for the
past twenty years and can recom-
mend it to anyone needing a cough
medicine." Sold by James McElney,
Model Pharmacy.

A native diver of Australia, while
professionally engaged in exploring
the submarine depths of the Torres
Strait, not long ago, secured a
magnificent pear shaped pearl which
was sold for \$1,500.

LeRoy Thacker, Watertown, S.
Dak., says: "I suffered with rheu-
matism for over 8 years, and it seem-
ed at times I would go crazy with
pain. Three bottles of Foley Kid-
ney Pills cured my rheumatism and
I gladly recommend them." Sold
by James McElney, Model Pharm-
acy.

Potatoes are pretty high, but
nothing like in Auchtermuchty,
where some fine ones sold for \$5
apiece. But the flesh of these fine
ones when cooked is almost as white
as Hungarian flour. And then these
potatoes are not to be eaten, but are
saved for seed, single ones being
picked out from hundreds of thou-
sands.

It is stated that J. Bruce Ismay,
managing director of the White Star
line, has decided to start an endow-
ment fund with a contribution of
probably \$100,000, to provide pen-

Mrs. William A. Allen, Chacon,
New Mexico, had so severe a cough
that it nearly choked her to death.
Mr. Allen says: "We tried many
things without helping her when by
good luck I got a bottle of Foley's
Honey and Tar Compound. It
helped her at once and finally cured
her. It is the best medicine we ever
used." Sold by James McElney,

The United States Revenue Law
provide a heavy penalty for all
Brewers, Saloons, Hotels, Restau-
rants, Groceries, etc., where liquors
are sold, who do not make return
and pay the special tax before com-
mencing business. The Department
will, in the future, in-st on this law
being rigidly enforced and, conse-
quently, all tax payers continuing
business should send in their tax as
soon after June 1st as possible, so
that their tax stamp can be issued and
sent them before July 1st. All re-
turns must be made out on the new
forms sent out this year.

J. C. POHLEY,
Deputy Collector.

Jas. C. Dahmann, serving his
third term as mayor, Omaha, Nebr.,
was successful in receiving the over-
whelming support of the voters in the
primary election. He also success-
fully rid himself of a bad case of
kidney trouble by the aid of Foley
Kidney Pills, and writes: "I have
taken Foley Kidney Pills and they
have given me a great deal of re-
lief, so I cheerfully recommend
them." What Foley Kidney Pills
have done for Mayor Dahmann they
will do for any other person bothered
with backache, rheumatism, or any
other form of kidney or bladder trou-
ble. Just try them for quick and
permanent results. Sold by James

PROPOSES BOARD OF PUBLIC WELFARE FOR SCHENECTADY

George R. Lunn, Socialist Mayor,
Would Inaugurate Novel Plan.

The mayor of Schenectady, N. Y.,
George R. Lunn, elected last Novem-
ber by the Socialist party, believes that
he and the party are looked to for a
change in principles of government
such as is not expected to follow the
accession to power of one of the older
parties. In an address to the city coun-
cil recently he recommended that as a
preliminary act there be created a
board of public welfare. This he
thought especially appropriate because
the change expected is to give human
welfare precedence over business in
the activities of the government. His
idea of the purpose of such a board he
explained as follows:

"A board like this, in order to serve
the city adequately, should unite in one
body for consistent action those city
officials who are most directly concern-
ed with what may properly be called
the social interests of the city.

"These officials would in my opinion
include the mayor, the president of the
common council, the health officer, the
commissioner of charities, the superin-
tendent of schools, the commissioner
of public works and the secretary to
the mayor. To these officials should be
added two citizens acquainted with the
city's problems and with the spirit of
modern social reconstruction. No sex
qualifications ought to be placed
against these appointments, in order
that the administration may be free
to enlarge the spirit of its work by en-
listing the services of women.

"The problem which this board can
approach is, broadly speaking, the so-
cial problem itself, the problem of so-
ciety's neglect of its human resources,
the problem of enlarging and enrich-
ing the lives of the people. It should
become an agent of the city specifi-
cally devoted to human welfare."

To carry out the purpose of this
board he believes a "social survey" is
necessary in order to substitute facts
and acts for good intentions only.

"The board might undertake child
welfare work, supplementing and co-
ordinating the duties of the health of-
fice and the schools. It could take up
the pressing work of recreation—of
parks, playgrounds, dances, concerts,
social centers, festivals, gymnasiums,
swimming pools and moving picture
shows; it could take steps toward beau-
tifying the city and providing art ex-
hibits; it could supervise skating rinks,
tobogganing, municipal ice plants and
workhouses; it could take up the pro-
vision of free legal aid, the manage-
ment of the employment bureau and
the introduction of greater efficiency
into city departments; it might super-
vise libraries, extend their services and
bring them to greater usefulness."

NEW DRINKING FOUNTAINS.

Bridgeport, Conn., to install Sanitary
Innovations in Schools.

As soon as possible the new drinking
fountains which have been ordered by
the Bridgeport (Conn.) board of educa-
tion will be placed in the public
schools of the city for the use of the
pupils, and another week should see
them installed.

Since the law prohibiting the com-
mon drinking cup from being used in
Connecticut on account of the ravages of
the "great white plague" none has
been used in the public schools. The
new fountains, of which there are forty-
eight, are composed of five jets
combining into one, a tube of a small
lever allowing the water to flow. In
this manner the lips of the person
drinking touch nothing but the stream
of water, and all danger of carrying
tuberculosis germs is eliminated.

The price of the new fountains is ap-
proximately \$6, so that the innovation
is not an expensive one, but an exceed-
ingly healthy one. Two will be placed
in each school.

Sugar Plums.

Of all candies perhaps the sugar
plum boasts the most ancient lineage.
It was the invention of one Julius
Dragatus, a noted Roman baker and
confectioner, a member of the family
of the Fabii. Dragatus put forth the
first specimen of this confection in the
year 177 B. C. The bonbons of this
variety were called dragati, after their
inventor (dragées is French), and their
manufacture constituted a monopoly
enjoyed exclusively by the Fabian
family. Whenever there was a birth
or a marriage in that family a great
distribution of dragati took place as
an evidence of rejoicing. This custom
is still retained by certain of the old
families of Europe.—New York Herald.

Boosting a City.

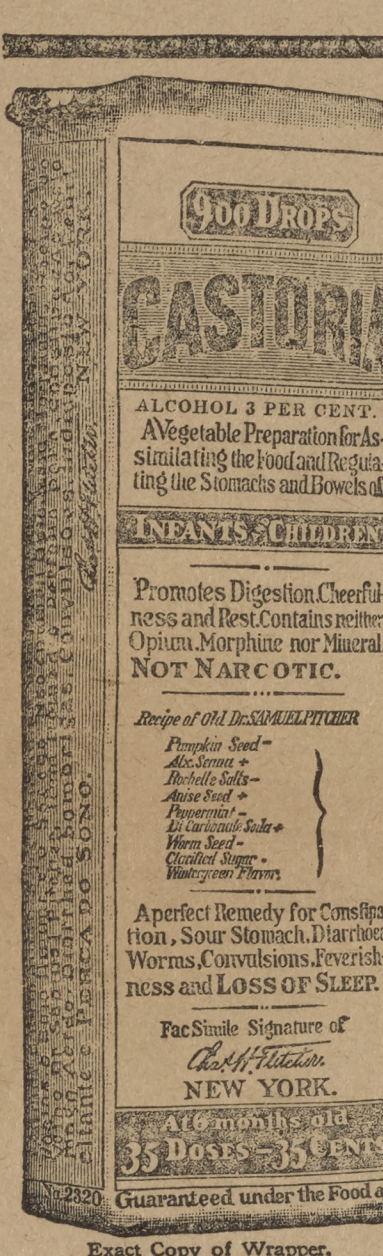

There is a great opportunity for city
boosting through the combination of
the municipal bond and municipal ad-
vertisement. This is the day when the
bond issue builds the city. With mon-
ey coming to it from every side of the
country, money drawn from the sav-
ings bank and sometimes the stock-
holders and the money of the mat-
tresses, the modern city has gained the beauties
which make it famous. The public
school buildings of the southeast are
made possible by the money of orange
growers of California, and the Massa-
chusetts mill owner and his operator
often furnish funds for bridges and
boulevards in a western city.—John J.
Duffy in Leslie's.
